Solvent Neutral is a self-reliant, independently operated trading house engaged in the international supply of bitumen grades, recycled (RC) and virgin base oils, high-quality calcium grease, petrochemicals, solvents, and sulphur products. Sourcing from reputable manufacturers across the Middle East, the company delivers competitively priced, quality-assured products to clients worldwide from its operational base in Dubai.

Introduction

Solvent Neutral Oil Products Trading LLC is a leading entity in the oil and gas and petrochemical industry, dedicated to delivering high-quality products and exceptional service to clients globally. Founded in 2021, the company specializes in the international trade of solvent neutral oils, base oils, bitumen, and a broad range of petrochemical products, sourcing from reputable producers and ensuring timely delivery in strict adherence to specification — regardless of destination.

Beyond trading, Solvent Neutral supports producers through investment in terminals and transportation infrastructure, facilitating access to international commodity markets for the benefit of both producers and end-users. The company's ultimate goal is to build comprehensive, mutually advantageous services that streamline transactions between buyers and sellers across the energy and petrochemical value chain.

Our Mission

To facilitate a lucrative and wide-ranging delivery of Oil, Gas & Petrochemical (OGP) products through a proficient workforce and productive partnerships — providing premium products while ensuring safety, efficiency, and sustainability across all operations.

Our Vision

To rank among the world's premier independent trading companies, enriching all stakeholders in the oil, gas, and petrochemical industry by offering clients top-tier products and services, recognized for integrity, reliability, and a commitment to excellence.

Our Goals

- Improving customer service standards across every stage of the supply chain
- Increasing the proportion of new target markets served
- Maintaining customer loyalty through consistent satisfaction
- Driving sales improvement via continuous, reliable supply
- Actively developing new products and entering new markets
- Strengthening relationships with producers, partners, and clients
- Improving process efficiency to speed up delivery and reduce cost
- Ensuring timely delivery and increased capital productivity
- Expanding international cooperation beyond neighboring countries
- Maintaining a strong, disciplined focus on risk management

Core Values

Integrity
We conduct our business with transparency and honesty, ensuring trust with our clients and partners.

Quality
We are committed to maintaining the highest standards of quality in our products and services.

Innovation
We continuously seek innovative solutions to meet the evolving demands of our industry.

Sustainability
We prioritize eco-friendly practices and strive to minimize our environmental impact.

Safety & Well-being
We prioritize a safe, secure working environment for our employees, fostering improved efficiency.

Reliability & Trust
We are committed to being responsible, honest, trustworthy, and actively engaged in every relationship.

Company History

2021 — Foundation
Solvent Neutral Oil Products Trading LLC is established in Dubai, UAE, with a focus on international trade in oil, gas, and petrochemical products.

2021–2022 — Core Trading Lines
The company builds its founding trade relationships across bitumen grades, virgin and recycled base oils, and calcium grease, sourcing from reputable manufacturers across the Middle East .

2022–2023 — Market Expansion
Export operations expand beyond the core GCC base into new international markets, including Africa (Egypt) and Latin America (Dominican Republic), broadening the company's global footprint.

2023–2024 — Product Diversification
The product portfolio widens to include petrochemicals (sulphur, urea, caustic soda), industrial chemicals, fuels, and a full base oil range (Group I, II, III), positioning Solvent Neutral as a comprehensive OGP trading partner.

2024 — Industry Presence
Solvent Neutral represents itself at leading industry platforms, including the ICIS Middle East Base Oils & Lubricants Conference, AMEA Bitumen Convention, and SOLVEX Oil & Energy Platform in Dubai.

Product Range

Solvent Neutral stands as one of the leading base oil trading companies in the UAE, delivering a comprehensive suite of sourcing, logistics, and door-to-door delivery services across five core product categories.

01 BASE OILS

Group I, II, III · Virgin & Recycled

Our base oil portfolio spans both virgin and recycled (RC) grades across Group I, II, and III classifications, supplied to lubricant blenders, industrial manufacturers, and re-refiners across our trading network.

Category	Grades / Specification
Virgin Base Oils	Group I, Group II, Group III
Recycled Base Oils (RC)	RC150, RC350, RC500, RC600

Group I Base Oil | **Group II Base Oil** | **Group III Base Oil** | **Virgin Base Oil** | **Recycled (RC) Base Oil**

02 BITUMEN

Paving, Industrial & Waterproofing Grades

A full spectrum of bitumen products for road construction, industrial coating, and waterproofing applications, sourced from reputable refineries across the Middle East.

Bitumen Penetration Grade | **Bitumen Viscosity Grade** | **Bitumen Emulsion** | **Bitumen Oxidized** | **Bitumen Cut Back (MC Grade)**

03 SOLVENTS & CHEMICALS

Industrial & Process Chemicals

A diverse range of industrial solvents and process chemicals supplied to manufacturing, automotive, and industrial end-users.

MEG | **DEG** | **Methanol** | **Xylene** | **White Spirit** | **Performance Additives**

Product Range — Continued

04 SULPHUR & PETROCHEMICALS

Fertilizer & Industrial Feedstock

Solvent Neutral trades a range of sulphur and petrochemical products serving the fertilizer, agricultural, and industrial manufacturing sectors globally.

- Sulphur Lumps
- Sulphur Granules
- Urea Prill
- Urea Granule
- Caustic Soda
- Fertilizers

05 PETROLEUM & FUELS

Refined Products & Hydrocarbons

A comprehensive range of refined fuel and petroleum products designed to meet specific industrial requirements, ensuring optimal performance across diverse applications.

- Gasoil
- Gasoline
- Naphtha
- Kerosene
- Fuel Oil
- Liquid Paraffin
- Hydrocarbons

06 CALCIUM GREASE

Lubrication Products

High-quality calcium grease products sourced from established manufacturers, supplied alongside our base oil and lubricant trading lines.

Trading Services: facilitating the global trade of Base Oil Groups I, II & III and a wide range of bitumen products through an extensive supplier network.

Services

SOLVENT Services offers a comprehensive package encompassing everything essential for international trading businesses. Our team provides consulting, supply, operational support, and full import/export handling — supported by flexible data and usage analysis from individual shipments to entire trade networks.

Consulting & Technical Expertise

An extensive selection of solutions and technical services that add value to industrial and construction end-users, supporting innovation and sustainable development.

Financing & Leverage Solutions

A comprehensive range of financial products and strategies designed to maximize value for our clients and foster sustained growth.

Supply Solutions

A wide array of commodity sourcing and delivery solutions, enhancing supply chain efficiency and reliability across every trade lane.

Packaging Services

Packaging solutions developed to optimize product delivery, protect product integrity in transit, and reinforce sustainable practices.

Lab Inspection & Quality Control

Robust inspection and testing services providing clients with verified quality assurance and specification compliance on every shipment.

Documentation Services

A broad range of trade documentation solutions — contracts, certificates of origin, and shipping paperwork — ensuring smooth, compliant transactions.

Storage & Logistics

Solvent Neutral manages storage tanks and end-to-end logistics infrastructure to support reliable, efficient delivery. Our team provides consulting, supply, operational support, and handles both imports and exports — backed by flexible measurement and usage analysis at every level of the network, from individual shipments to entire trade systems.

- Consulting and technical advisory support
- Financing and leverage facilitation
- Supply chain and inventory management
- Packaging and product protection
- Laboratory inspection services
- Full trade documentation support
- Quality control at every handoff point
- Timely, tracked deliveries to destination

Our Process

01

Sourcing

Identify and qualify suppliers across the Middle East for the required product and grade.

02

Inspection

Lab testing and quality verification to confirm specification compliance before shipment.

03

Logistics

Storage, freight, and documentation coordinated for compliant, on-time movement.

04

Delivery

Door-to-door delivery to destination, with reporting and after-sales support.

Why Partner With Us

As a self-reliant and independent trading house, Solvent Neutral combines product breadth, sourcing relationships, and logistics capability to deliver dependable value across the oil, gas, and petrochemical supply chain.

6+	2021	3	UAE
PRODUCT CATEGORIES	ESTABLISHED	BASE OIL GROUPS (I, II, III)	DUBAI-BASED OPERATIONS

Sourcing Network

Reputable manufacturers and refineries across the Middle East , ensuring consistent quality and competitive pricing on every product line.

Global Reach

Export relationships spanning the GCC, Africa, and Latin America, with active participation at leading international energy and chemicals conferences.
